To Whom It May Concern:

Mr. Chaudhry is a person with whom I have developed a personal friendship over the past six years. Our relationship began during the summer of 2003 when I worked as the General Manager for Whitmer and Associates, LLC in Yakima, WA. Mr. Chaudhry applied for and was hired to perform the internship position of Vocational Rehabilitation Counselor. In this position, Mr. Chaudhry served individuals who had experienced industrial injuries and needed assistance returning to work. Mr. Chaudhry provided excellent services to the clients he worked with during that time. He left my employ to serve his country in the Washington State National Guard where his unit was activated to serve in support of the war in Iraq.

Since that time, Mr. Chaudhry, his wife Ann, and I have developed a friendship. Mr. Chaudhry is an honest member of our community. He has a degree in mathematics and has been a huge help to those around him with computer education. He taught me to understand how to use a computer for work and he has helped me on occasion to repair my computer.

Mr. Chaudhry is a good husband to his wife Ann. He is thoughtful and caring. He, his wife and other mutual friends have had family gatherings at his and my home.

I have personally worked with Mr. Chaudhry in his effort to become a US citizen. He is an excellent candidate for citizenship. He has worked very hard to provide for his family and serve the country despite the fact that he is not a citizen. He is a compassionate member of our community and should be granted his US citizenship.

I declare under penalty of perjury that the foregoing statements are true and correct to the best of my knowledge.
