To Whom It May Concern:

My name is Aislinn Waldbauer. I live at 607 N 5th Ave. in Yakima, WA, 98902. My phone number is 509-248-5586. I am 24 years old and am a natural citizen of the United States of America. I am employed by Subway, where provision of high quality customer service in providing our clients with top-notch, healthy food options is my main duty.

I met Muhammad Chaudhry in late 2000. He and my mom got married in 2001. When they got married, I was still in high school and lived at home with them after their marriage.

Muhammad has been helpful to me since he met my mom. He's taken really good care of my mom and me and my brother. He was always right on hand whenever I had a car accident, supportive and encouraging to me. He's been there for me when I needed difficult questions answered or needed a "sounding board." He's given me good advice on car care over the past 8+ years. Urged me to make sound decisions and rejoiced with me on great accomplishments I've made. He cries with me, hugs me, laughs with me, encourages me. I can't imagine him not being here.

He's always helping people out. He's gone to my dad's dad (my grandpa) and helped him with restoring a '36 Ford pickup, worked on breaks, and other car stuff.

It is very important that Muhammad become a citizen of the United States. He should get that right away because he's been in the military, fighting to keep our freedoms free. Fighting for our rights. And that's real important because he did that when he wasn't a citizen of the United States. And in the military, he got disabled really badly. The United States should do whatever they can to pay back that loyalty and commitment.

I declare under penalty of perjury that the foregoing statements are true and correct to the best of my knowledge.
