Victoria Larios
5907 Tieton Drive
Yakima, WA 98908

To Whom It May Concern:

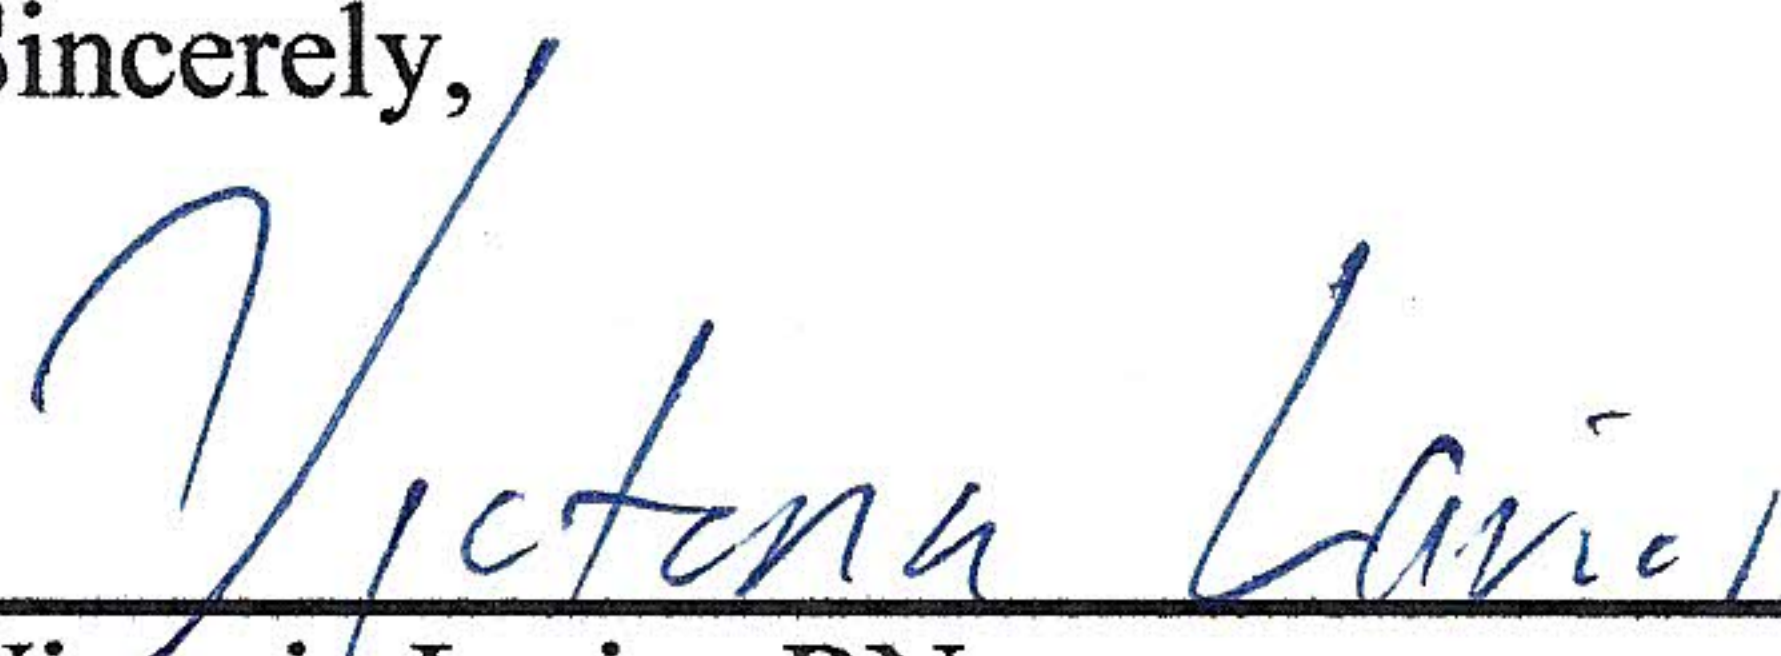

I Victoria Larios am a 30 year old US National. I am employed as a Registered Nurse at Central Washington Family Medicine. My job duties involve the care and well being of my patients which vary greatly in age from 2 months to geriatric patients. I am writing this letter in support of my dear friend Muhammad Zahid Chaudhry. I met Zahid while he and my husband Marcos were serving our country back in 2001 when they were both members of the Washington Army National Guard. We have continued to be friends throughout the years even after the fulfillment of both of their enlistments.

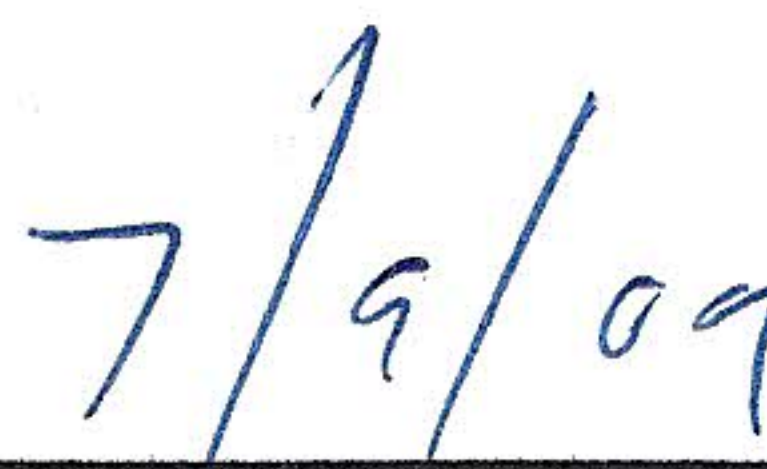

Zahid is both very responsible person and very generous, he also possesses a great deal of knowledge in the computer programming and information technology fields. Zahid would be a great asset to this country. I've also been helped numerous times by him with computer problems. I know for a fact that he has donated time to the local school district helping them with computer issues.

I strongly believe that Zahid should be allowed to become a US citizen because he has served this country as if it is his. In my eyes, Zahid has done more than enough to deserve citizenship. This country needs people like him who are courteous, responsible, intelligent, law abiding citizens that give to the community.

I Victoria Larios declare under penalty of perjury that the statements written above are true and concise to the best of my knowledge.

Thank you for your time,
Sincerely,

Victoria Larios RN
