Dear Bob Pauw:

Thank you for being the attorney for our friend Zahid Chaudry. He and his wife Anne are part of our "good deed" work in Olympia, Washington. Zahid is one of the finest most integrity-ridden persons we have had the good fortune to know.

Furthermore, his service as a veteran proves that he is one of those rare human beings who despite being permanently injured with not being able to walk still goes forth with the brightest of attitudes and strength of spirit to still spend his life trying to make things better for others.

The mere suggestion that anyone of Zahid's character be deported shows how low the American "justice" system has sunk. This "justice system" has betrayed millions of Americans beginning with the native Americans, and it continues.

Both my husband, Jeff Booth and myself, Phyllis Booth stand proudly by Zahid Chaudry and his right to remain in the America he gave his entire body and health to preserve.

Sincerely,

Jeff and Phyllis Booth
