

Dear Judge Paul deFonzo,

I am writing today as a local US Veteran in support of US Veteran Muhammad Zahid Chaudhry. According to my Leave and Earnings Statement (LES) I have served 14 years in the US military and have served with many different veterans that were born all over the world. In my opinion, every honorable discharged veteran is a patriot and valuable asset to the United States. US Military training is the best in the world and stay embedded into veterans for the rest of there lives. If Muhammad is truly worthy of deportation, he would not have finished the military with an honorable discharge as his officers would have acted.

Even though I have never met Muhammad Zahid Chaudhry personally, although I know others have, I would bet my life that he loves the United States and all of its citizens and therefor should not be even considered for deportation. May God bless Muhammad Zahid Chaudhry and his family and I thank him and his family for serving this remarkable country.

--

Thank You,
Joseph Paul Socoloski III
